www.MasterRugCleaner.com

The Master Rug Cleaner Program is a rare opportunity to be personally trained and mentored by a 3rd generation rug cleaning expert Ellen Amirkhan, industry expert Aaron Groseclose and 4th generation rug cleaner Armen Dohanian. This series of classes is not just theory for a quick certification or a correspondence course, but a truly comprehensive, hands-on training course in all aspects of the rug cleaning business taught by three recognized industry experts.

Ellen's company, Oriental Rug Cleaning Company (www.dallasrugcleaner.com) is one of the most successful companies in the rug cleaning and repair business and has been for over 100 years. The 100+ years of experience passed down to Ellen will be shared with you to give an incredible competitive advantage to your business. Whether just starting out or looking to improve your existing business, the Master Rug Cleaner Program will put you on a fast track to building a successful rug cleaning business.

Armen Dohanian's family owns a 100 + year old rug cleaning business in the Boston area which he was involved in from an early age. Since 2007, Armen has served as vice-president of operations at the Oriental Rug Cleaning Company in Dallas. Armen is a Certified Master Rug Cleaner, ARCS Certified Rug Specialist (CRS), as well as a member of the International Society of Appraisers.

The Master Rug Cleaner Program is a limited enrollment opportunity to work with Ellen, Aaron and Armen over a one-year period. Classes are held in our training-room known as "The Casbah" at Oriental Rug Cleaning

Company in Dallas. During the first set of classes, you learn the basics of starting your own rug cleaning business or enhancing your existing business. There are classroom lectures and presentations as well as hands-on cleaning for the students, including “tricks of the trade” all under the supervision of Ellen, Aaron and Armen.

Six months later, it’s back to “The Casbah” for three more days of advanced training. There is special emphasis on rug identification because “**the best marketing tool is your product knowledge.**” You learn family secrets of how to catch rug problems even more experienced professionals can miss.

The team is available to you for consultation at no additional charge during your one-year Master Rug Cleaner Program. This is a key feature of our coaching program because when you get into trouble, where do you turn? If it looks like a problem rug and you are not sure what to do, email a photo **before** you have a “situation”. If you have a marketing question, your rug care team of experts is just an e-mail away.

We focus on practical knowledge and demonstrate economical and sensible chemical and equipment packages for start-ups or to improve efficiency of an established business. One size definitely does not fit all. Talk to us before making a major financial investment.

Ellen and Aaron pioneered Oriental rug training in 1992 and have instructed over 2,700 students since. They are now taking rug training to the next level with the creation of the Master Rug Cleaner Program with small classes, in-plant and hands-on training, personal attention, and a one-of-a-kind training manual to use as a resource guide long after the class is over. Ellen and Aaron co-authored ***A Comprehensive Guide to Oriental and Specialty Rug Cleaning***. Three years in the making, this book serves as a manual and mega resource that includes commonly encountered rugs, over 425 pages and 900 photographs and illustrations, and a no-nonsense approach to identification, cleaning and much, much more. The book retails for \$495.00 and is included in the price of the Master Rug Cleaner Program.

With proper training and guidance, rug cleaning can be profitable and we’ll show you how. Why clean wall-to-wall carpet for \$0.35-\$0.75/sq ft when you can work with for \$3.00+/sq ft.
