Dear Robert,

Got my class materials and tools and a double portion of yarn today! Thank you!!!!!!

This was the best class I have ever taken, of any sort. You were a real big part of that. Thank you for your patience.

There is not one thing I will do the same as before the class. Already I used the needlepoint canvas to do the patch job, just like Robert said. Today I used the good end secure stitch, and just plied some new side cords and wrapped them and sewed them on like you taught us! It's like a miracle! Plus "synthetic dyes natural fibers" came in the mail today from Amazon.

Before, I thought maybe the class was expensive. Now, I see that it is expensive not to take the class.

Please convey to Jill my sincere and effusive thanks and gratitude.

Dear Ellen, Aaron, & Robert,

Just wanted to send a quick note to say how much I enjoyed the rug repair course in Dallas last month. I must admit my limited experience in rug repair had me a bit anxious about the course. Thanks to your course, I found confidence in what I am comfortable offering my clients. This was a fantastic value. The Tool Kit and hand-out alone were worth tuition. In my opinion, not only is Robert Mann a leading expert in the field of oriental rug repair, but also in the teaching of oriental rug repair.

Many thanks Robert, Ellen & Aaron

Dear Ellen, Aaron & Robert,

The Rug repair class I attended was way beyond my expectations. I walked away with such a clearer understanding of rug structure and a therefore a better knowledge of knowing the correct method to repair them. Robert Mann was extremely patient with us. I have so much more confidence to accept repairs that come to me now. The book, tools and hands on experience really gave me a better ability to add service to my clients. I've already seen my repair business grow since I've left the class. I am very much looking forward to the next class!

Thanks very much,
